

## Customer Successes: Identity Lifecycle Management

- Problems
  - Organizations with more roles than users
  - 10+ days to provision new employees
  - Very complex IT environments:
    - 100+ target systems, 150K roles, 200K identities
  - Man weeks to complete compliance processes such as access reviews (multiple man-weeks)
- Solutions
  - Reduce 150K roles to <5K roles
  - Provision new employees in <1 day to multiple systems
  - Complete access reviews in hours not days
